Volunteers

We are still the body of Christ:

- During this time, it is important for us to act like the body of Christ through intentional care for one another, especially for the more vulnerable amongst us.
- Be in contact with people in the body - check in with to see how they are doing.
- Pray for each other.
- If you know of a need within the body, please let us know so that it can be addressed - we can help deliver groceries, medicines, or other things as needed.
- Be creative in how you use technology to engage with each other.
